RESOURCES

4-7 Years Investigation Posters (A1 Laminated)

Introduce children to 'Fair Testing' with these pupil-friendly investigation posters.

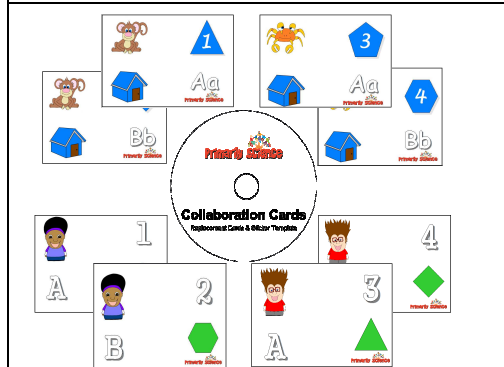

The 4-7 years investigation posters will support young children in planning fair test investigations. Used in conjunction with the 7-11 years investigation posters teachers can provide an excellent framework for progression through the different levels of fair testing.

7-11 Years Investigation Posters (A1 Laminated)

Need help organising "fair-test" investigations with your class in KS2?

The 7-11 years investigation 'sticky-note' posters will support children in planning, carrying out and evaluating fair test investigations in science. The three posters work most effectively in a pack and will also save you money.

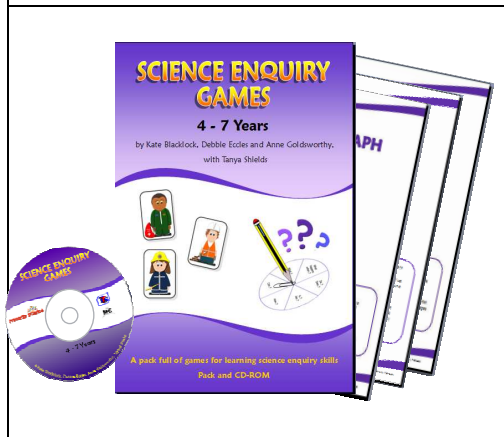

Collaboration Cards & CD Pack

Collaboration cards quickly and effectively organise your class into groups for investigations and group talk.

Each pack contains 36 laminated cards and 1 CD for the reproduction of lost or damaged cards.

You can choose from 2 designs 'Animals' or 'People'.

Science Enquiry Games: 4 -7 Years

A pack of great ideas for teaching young children scientific skills

Concise teacher's notes for each game will tell you:

- What it is
- Why it is important
- How to play the game
- About the resources needed to play each game
- Some further activities to extend the ideas

All the necessary printable resources are provided on the accompanying CD.
